

ATTENTION ANGLERS

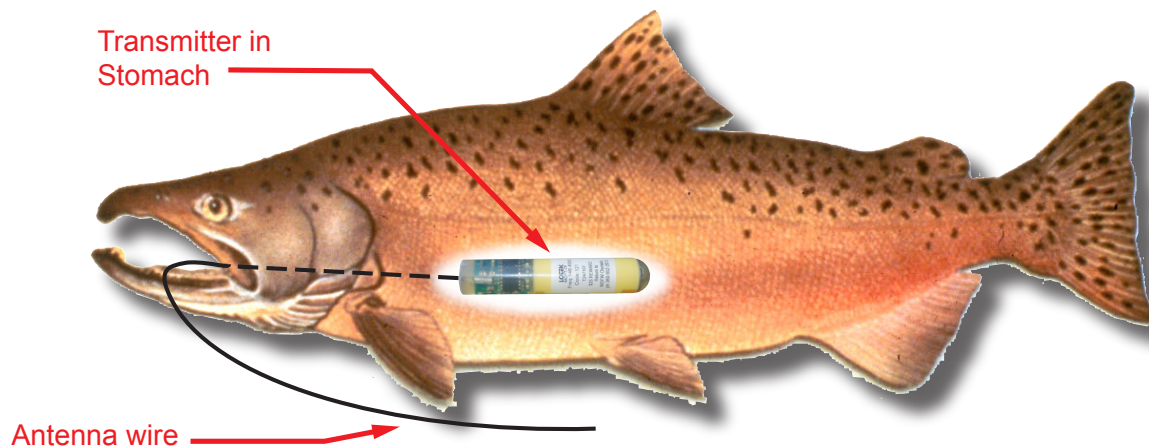

Reward for Transmitters

**\$25
Reward**

The Washington State Department of Fish and Wildlife will release Chinook Salmon with radio transmitters near Wells Dam to study their migration patterns. A transmitter is inserted into the stomach of each fish and is evident by a black antenna wire protruding from the mouth. A reward will be paid for each transmitter returned with complete capture information.

For more information, call our toll free number 1-800-830-3224

If you catch a fish with a transmitter, send the transmitter along with the following information:

1. Your name, address, and phone number
2. Date and location fish was caught
3. If possible, sex and condition of fish caught

To receive a reward,
mail transmitters and information to:
